PATENT & PUBLICATIONS

Smart Stitch Counter - Published Patent | Indian Patent Office | App. No: 202511109349

Pub: 52/2025 | 26 Dec 2025

- Published a patent for an AI-assisted crochet stitch counting system based on computer vision and machine learning.
- Proposed an adaptive learning approach to recognize custom stitch patterns from user demonstrations.

TECHNICAL SKILLS

- Languages:** C++, Python, HTML, CSS
- ML & Data:** scikit-learn, Hugging Face Transformers, Transformer-based Text Classification, Model Fine-tuning, Model Evaluation, Sentence Transformers
- Data & Visualization:** Numpy, Pandas, Matplotlib, Seaborn
- Tools:** Git, GitHub, VS Code, MySQL, Streamlit
- Concepts:** Data Structures & Algorithms, OOPS, Deep Learning

PROJECTS

PromptGuard -Prompt Injection Detector | Python, scikit-learn, Hugging Face Transformers, Streamlit | [Github](#)

- Fine-tuned a **DistilBERT transformer** for binary prompt injection detection using the Hugging Face Transformers ecosystem, achieving **98.5% accuracy**.
- Benchmarked classical ML, embedding-based, and transformer-based approaches; evaluated robustness across six categories of adversarial prompt injection attacks and improved performance through iterative retraining.
- Built an interactive Streamlit application with configurable detection thresholds and PostgreSQL-backed prediction logging for real-time inference.

Secure Web Application Development | HTML, CSS, JavaScript, SQLite, bcrypt

- Developed a secure web application with user authentication, including login/logout, input validation, and password hashing

CERTIFICATIONS

Introduction to IoT(84%)	NPTEL	2025
Network Security Fundamentals	Palo Alto Networks Cybersecurity Academy	2026
Cybersecurity Foundation	Palo Alto Networks Cybersecurity Academy	2026
NCC A, B, C Certificates	Grade A	2023

CO-CURRICULAR ACTIVITIES

DEVTrails 2026 Hackathon -Participant 2026

- Qualified for the SOAR phase and maintained Diamond tier ranking; developed GigGuard, a parametric insurance solution for gig economy workers

Industry Interaction – Fidelity International 2025

- Attended 'Women in Cybersecurity' session by senior leaders at Fidelity International
